# Harley-Davidson(R) CVO(tm) Motorcycles: The Motor Company's Custom Vehicle Operations(R)

## Synopsis

Chronicled here for the first time, Harley-Davidson's CVO motorcycles are pure eye candy. The pinnacle of Harley-Davidson customization--that's exactly what the Motor Company's Custom Vehicle Operations(R) motorcycles are: custom-shop details that push the boundaries of style and performance with high-impact paint, killer wheels, big engines, and exclusive technology. Designed in-house since 1999 at Harley-Davidson's world-class Willie G Product Development Center, built by the factory, and available through Harley-Davidson's dealer network, these machines set themselves apart from the pack. Harley-Davidson(R) CVO(tm) Motorcycles: the Motor Company's Custom Vehicle Operations is the first book to showcase these works of two-wheeled art and the story behind them. Produced in limited numbers, and always in high demand, CVO(tm) motorcycles are defined by the riders committed to riding the best. Whether you have one of these high-performance motorcycles in your garage or have one in your sightline, Harley-Davidson(R) CVO(tm) Motorcycles provides a close look into the Motor Company's ultimate custom motorcycles.

## Customer Reviews

Beautiful book on custom Harleys, custom is too much of a generic word to describe the work of The CVO folks at Harley-Davidson, The book shows the short but so far illustrious history of Harley-Davidson's Custom vehicles operations, The author has woven together beautiful bikes and gorgeous photography. No matter what type of Harley you ride you won't be disappointed by the book and what lies therein. A worthy addition to my motorcycle library.

This is a magnificent large format book, packed with brilliant photographs in brilliant color accompanied by a well written text. Author Marilyn Stemp is a veteran of the motorcycle publishing industry and knows of what she writes. I highly recommend this publication for anyone who owns or dreams of owning a Harley-Davidson motorcycle. Doc Robinson, Technical Editor Heavy Duty magazine Australia.

Excellent book for CVO lovers. Lists all the years and models and almost every color. Well worth the money if you have owned or own one of these beauties.
