Sewing For Beginners: Master The Art Of Sewing

Synopsis

It is a beautiful feeling to create something by your hands. Sewing is an opportunity to explore your creative side. If you are sewing for abstract reasons, it will always be a fun and rewarding experience. For me, there is nothing more fun and interesting than spending some time with my sewing machine. There are so many paths to follow with your new skills, ranging from quilt art to wearable art to vintage, applique, and lingerie. Not only will you have the opportunity to create a new world using your creative ideas, but you will be getting a steady and reliable income from your talent. Creating something beautiful gives you a chance to create something unique. You can make custom-made clothing and then it makes sense, as there are many different styles, sizes, and fabrics.

Customer Reviews

This is a good sewing guide. The first few chapters of the book show you how to choose fabric, pattern, notions and thread. You are then taught how to select sewing tools and perfect your cutting/marking skills. You also learn how to sew cool things like button holes, zippers, sleeves and pleats. This book comes with illustrations and provides a great starter for beginning sewers.

Recommended!

This is an easy guide on how to sew. I know it seems a little "outdated" to do this yourself but I found myself in different situation in which this skill could help me a lot. And if you know what to do the seam would look better than the usual bunch of stitches. And I think it can help you evaluate a good piece of clothing by the quality of the sewing.

Sewing is a very exciting, beautiful and interesting hobby that anybody can learn easily. Moreover, sewing is also an opportunity to explore your creative side. Create something yourself gives a chance of creating something unique. This book is a great help to learn sewing as a beginner. Author has explained every details with an easy going language. Very useful guide for all beginners in sewing.

If you are looking for a over view for the art of sewing this is a very quick read. When it comes to learning something new I am very much a visual person & need illustrations. This book has a few illustrations. While this book gives very basic information about sewing & what you might need it lacks the desire & excitement I was hoping for.

I have been sewing for years, but still like to read the latest tips and tricks for sewing. I just bought a new sewing machine and wanted to hone up on my sewing skills so I thought this book would be very helpful.

This book is educational in a way that it educates reader on basic sewing technique. This book is a great help to learn sewing as a beginner. By following all the instruction given, you can easily master the art of sewing. Get this book and start learning how to sew.

I used to love making bags. I started to create my own bags when I was in college but stopped when I got employed. I am glad to have this book. It is very easy and understandable. Great guide for beginners. Very beneficial for moms as well.

This is a good book for begginers! Short and sweet. By the end you will know the basics of sewing. No need to keep searching. This book is what you need. You are wasting your time. Get this book and start learning how to sew. It even teaches you how to sew some basic things like butonholles and sleeves and even zippers. You can literally learn anything off the internet!
