Money Management Tips: Control Money Don't Let It Control You (Budgeting Your Money, How To Save Money Tips, Get Out Of Debt Fast, Live Cheap, Debt Free, Spend Less)

Synopsis

FREE BONUS E-book included with purchase at the end of book!! If you're looking to become better at managing the money that you have, adding "Money Management Tips" to your library is a must! Today only, get this bestseller for just \$2.99. Regularly priced at \$4.99. Read on your PC, Mac, smart phone, tablet or Kindle device. You're about to discover how to... Make and save more money from what you are currently earning by managing it better. Have you ever heard someone say, "I need to make more money." For most people making more money won't solve their financial problems. What they mean to say is, I need to become better at managing what I currently have so that I can attract more. Do you realize that over 90% of lottery winners go broke in a very short period of time? Most professional athletes go broke only a few years after retirement. These people are the top 5% income earners in the world, so it's not just about making more money. The average person who gets a raise will spend that money on frivolous things instead of investing it. Putting them in a position where they have to work longer and work harder. Many of us just have not been taught the laws that govern money. It's not how much you make but how much you keep and how you make it work for you. Our goal is to help you change your paradigm and take control of your finances. Here Is A Preview Of What You'll Learn... Keeping up with the Jones's will keep you broke if you do today what others won't you'll have tomorrow what others don't Live within your means then increase your means Pay yourself first Treat Your financial life like a big business Show gratitude for what you have now Be respectful of money Rewire your thinking about money Much, much more! Download your copy today! Take action today and download this book for a limited time discount of only \$2.99! Don't hesitate start saving more money living a better lifestyle. Customer Reviews

Some really great advice in here! For example, live within your means...then increase your means. That is very sound advice that not many people live with regularly. These people then have money problems and we wonder why. Some of the advice is quite basic, but I have to wonder if some people don't know the basic advice, so to them this book is everything they need to start living a better life. Being rich isn't the key, being wealthy is. Wealthy involves money, happiness, and control. This book addresses all of those very well. This isn't a get rich quick book, rather an improve your lifestyle book. A great short read!

Great insight into money management. If you are struggling to make ends meet each month then this book is for you. I always felt like I made plenty of money, but somehow never had any left over with a week left in the month. Deal is money stresses me out so managing it better would take a huge weight off my shoulders. Also, while this books gives great advice I'm still concerned I'll struggle to follow all the directions. Hard to break bad habits. Nevertheless I think this was as step in the right direction. Get it!
