Oh, The Things I Know! A Guide To Success, Or, Failing That, Happiness

Synopsis

Al Franken, or Dr. Al Franken as he prefers to be called, has written the first truly indispensable book of the new millennium. Filled with wisdom, observations, and practical tips you can put to work right away, *Oh, the Things I Know!* is a cradle-to-grave guide to living, an easy-to-follow user's manual for human existence. What does a megasuccess like Al Franken—bestselling author, Emmy-award winning television star, and honorary Ph.D.—have to say to ordinary people like you? Well, as Dr. Al himself says, "There's no point in getting advice from hopeless failures." Join Mr. Franken—sorry, Dr. Franken—on a journey that will take you from your first job ("Oh, Are You Going to Hate Your First Job!"), through the perils and pitfalls of your twenties and thirties ("Oh, the Person of Your Dreams vs. the Person You Can Actually Attract!"), into the joys of marriage and parenthood ("Oh, Just Looking at Your Spouse Will Make Your Skin Crawl!"), all the way to the golden years of senior citizenship ("Oh, the Nursing Home You'll Wind Up In!"). Don't travel life's lonesome highway by yourself. Take Al Franken along, if not as an infallible guide, then at least as a friend who will make you laugh. --This text refers to an out of print or unavailable edition of this title.

Book Information

Audible Audio Edition

Listening Length: 2 hours and 40 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: HighBridge, a division of Recorded Books

Audible.com Release Date: January 31, 2003

Language: English

ASIN: B00008HBR5

Best Sellers Rank: #88 in Books > Audible Audiobooks > Humor > Political Humor #392

in Books > Audible Audiobooks > Humor > Essays #1044 in Books > Humor & Entertainment > Humor > Political

Customer Reviews

Al Franken...you really need to give all the proceeds of this book to your wife...and maybe that will begin to make up for all the fun we're having at her expense! Franken, author of one of my most favorite titled books of all time, "Rush Limbaugh Is A Big Fat Idiot", scores another winner with this little book. With his sharp wit and conversational style (you can almost hear him speaking these words while you read them), he leads us through the too-often-times hellacious rollercoaster ride of

life. He starts with college graduation and goes forward, till the bitter end of life and beyond. It's quite a journey through most of life's misadventures. The title, is done in Dr. Seussian style and that style is repeated throughout the contents. Examples include chapters titled: "Oh, you shouldn't skip the introduction"; "Oh, the drugs you will take"; "Oh, the orgasms you will fake". In the drug chapter, he advises people to use drugs responsibly, and that he would be a hypocrite to say not to use them at all, as he is high on drugs right now "prescription drugs, but drugs nonetheless". I can believe that one, but I can't believe his statement in "Oh pick a religion, any religion", that "he has absolutely no idea what he will write next". Franken knows what he wants to say and how to say it. There's a whole lot of practical advice -- ok, maybe not so practical. Some examples include: every marriage has a "stomach-turning" phase you need to get yourself through. Or, how about, "try to view your stay in a nursing home as merely temporary, because in one way or another, it is". There's some advice for men: resist the temptation to cheat on your wife, and try instead to make sex with her reasonably diverting, by thinking about a younger, more attractive woman.
