Synopsis

Want it in full-color? Check out the Kindle version! The E-Learning Uncovered series is designed to give you the maximum amount of information in the minimum amount of time. Youâ ™ll learn about virtually every check box, every menu, and every option in Articulate Storyline 2. But we donâ ™t just tell you HOW to check that box or click that menu; we also tell you WHY you might or might not want to. Brand new users will learn all the basics of how to get started: scenes, slides, graphics, layers, states, questions, and screen recordings. Intermediate users will uncover the more powerful tools to create advanced interactions: actions, variables, and conditionsâ ”all in one book! Everyone will benefit from the special tips and insider secrets that let you do more and save time. Look for: Design Tips: instructional design, graphic design, and usability tips that give you insight on how to implement the different features of the software. Power Tips: advanced tips and secrets that can help you take your production to the next level. Time Savers: software shortcuts and ways to streamline your production efforts and save you time. Bright Ideas: special explanations and ideas for getting more out of the software. Cautions: â œlessons learned the hard wayâ • that you can use to avoid common problems. Web Resources: the free companion website includes useful resources such as reference guides and practice files.

Shipping Weight: 1.6 pounds (View shipping rates and policies)

Average Customer Review: 4.1 out of 5 starsÂ Â See all reviewsÂ (8 customer reviews)

Best Sellers Rank: #227,700 in Books (See Top 100 in Books) #190 inÂ Books > Business & Money > Management & Leadership > Training #3265 inÂ Books > Business & Money > Skills

Customer Reviews

Super disappointed. It’s neither engaging nor comprehensive. There’s not many Storyline books available; but I honestly think you’d be better off just reading through Articulate’s tutorials, even though those are far from comprehensive as well.

Great resource! Includes both the how to's and the why's. A must have for all skill levels.

great resource. easy to read and apply quickly.

Nice book! Gives a lot of hints and information about Storyline 2. Its a little crowded in the layout and its not really friendly for the beginner. But you find all you need to get a good start. As long as you still like to work with books to learn using a Software. Why not a similar smart eBook or even eLearning program?
