The Retirement Rescue Plan: Retirement Planning Solutions For The Millions Of Americans Who Haven't Saved "Enough"

Synopsis

"...fresh, realistic, and comprehensive solutions for the millions of Americans who haven't saved enough for retirement." —NANCY COLLAMER, Public Speaker, Career Coach, and Author of *Second-Act Careers: 50+ Ways to Profit Your Passions During Semi-Retirement*

When financial planning expert Melissa Phipps decided to quit her 9-to-5 and start her own business, she told herself, "the time is now." It wasn't retirement, but it was the first step. Not long after, she found herself in the middle of a large and unanticipated financial dilemma. And in order to survive it, she had to make some major changes that ultimately came down to one thing: redefining retirement. The Retirement Rescue Plan will prepare you for retirement in a way that takes you into account — allowing you to define "retirement" in a new, realistic, and exciting way. The goals are simple: work less, earn enough, and be happier than ever. Are you ready to get planning? Assess what makes you happy — it sounds obvious, but when was the last time you took an honest look at what you really wanted? Gain control of your finances by reviewing your savings, expenses and budget with sample worksheets and exercises. Generate ideas for continued earnings by considering your unique skills and interests; and find extra inspiration by reading real-life retirement success stories. Ensure your security with five methods to avoid common retirement planning mistakes. Nothing compares to the joy and relief you will feel when you find your way from financial despair to a fulfilling future, as you start to enjoy retirement in a way that works for YOU.

Customer Reviews

* "What I am going to suggest throughout this book is, if you are nearing retirement with little savings or big gaps in retirement income, the best solution is part-time work or consider switching to another line of work." "In terms of savings, I want you to stop worrying about whether what you have is enough and focus instead on how to make the most of what you have." "The new retirement is all about working less and finding more time for happiness." "The palm trees on the cover of this book are reminiscent of THE 4-HOUR WORKWEEK, with the promise in the subtitle, ESCAPE 9-5, LIVE ANYWHERE AND JOIN THE NEW RICH. Although that was a best seller, very few of the people who bought it are now working only four hours per week, while lounging under palm trees, having joined the ranks of the new rich. And it's not because they didn't bother reading the book or weren't paying attention. It's because the book did not really deliver on its tantalizing promise. THE RETIREMENT RESCUE PLAN is not quite as shameless in its smoke-and-mirrors approach to delivering on its promises but it similarly falls short. "Even if you haven't saved enough," the reader is told in the introduction, "it's not too late to create a retirement plan that allows you to quit the 9-5 life and live comfortably earning enough to meet your needs, with a little extra socked away for emergencies." But instead of delivering on that promise, what the reader gets is pearls of wisdom along the lines of the three quotes above.
