## Customer Reviews

In Short: Mina so far has survived the Grimm curse. Living through numerous fairy tales is tougher than you might think. She is determined though. If she doesn't, it will move on to the next descendant. Her little brother Charlie. She is still disappointed and hurt from the abrupt ending of her relationship with Brody. Mina barely notices as people in town start disappearing. After all, she herself just survived a few nights lost in the woods. No thanks to Jared. A not-so-little nudge from Ever, a tragic accident and a meeting with a different kind of Fae drive Mina to solve another story. If she doesn't, the consequence this time is huge. I fell in love with Mina in book 1, "UnEnchanted." She is still relatable, endearing, funny and very much a teenager. She isn't very high-strung or super dramatic, but she is a little. Enough for you to realize she is a teenager, but not so much that she's

annoying. I sometimes laugh out loud at her inner dialogue and then I want to tell it is going to be okay. Nothing much has changed in her companions. Nan is still a little eccentric and silly and very loyal. Jared is as mysterious as ever and I struggled with Mina trying to decipher his motives. If you have read a few tales with the Fae then you know the nature of the beast is tricky. Everything isn't cut and dry or out in the open. They are secretive and usually have a complicated and intricate history, which always tip their hat one way or the other. And Ever is a new addition to the crew. She only has a couple of appearances so I haven't really figured out what I feel about her either. At this point she could easily be a good guy or a bad one. She has an attitude though, which I always love. "Fairest" had a crazy, adventurous and chaotic plot.
