The Legend Of Zelda Series For Piano: Piano Solos

Synopsis

After decades of anticipation, Alfred is proud to release the officially licensed, collectible sheet music companion folios to The Legend of Zelda(tm) video game series. The 33 arrangements in this intermediate-advanced piano edition are note-for-note transcriptions of instantly recognizable melodies beloved by generations of gamers around the globe. From Koji Kondo's iconic "The Legend of Zelda(tm) Main Theme" to The Legend of Zelda(tm): Spirit Tracks themes, the dozens of pieces in this book represent two and a half decades of Nintendo(R) video game favorites. Adding to the fun, graphics from the corresponding games grace each page of the sheet music. Impress friends, family, and audiences of all ages by playing from this magnificent collection, which makes a great gift for every pianist. Titles: * The Legend of Zelda(tm) Title Theme * The Legend of Zelda(tm) Main Theme * Zelda II(tm) - The Adventure of Link(tm) Title Theme * Zelda II(tm) - The Adventure of Link(tm) Palace Music * The Legend of Zelda(tm): A Link to the Past(tm) Title Screen * The Legend of Zelda(tm): A Link to the Past(tm) Hyrule Castle Music * The Legend of Zelda(tm): A Link to the Past(tm) Main Theme * The Legend of Zelda(tm): A Link to the Past(tm) The Dark World * The Legend of Zelda(tm): Link's Awakening(tm) Main Theme * The Legend of Zelda(tm): Ocarina of Time(tm) Title Theme * The Legend of Zelda(tm): Ocarina of Time(tm) Princess Zelda's Theme * The Legend of Zelda(tm): Ocarina of Time(tm) Hyrule Field * The Legend of Zelda(tm): Ocarina of Time(tm) Lost Woods (Saria's Song) * The Legend of Zelda(tm): Ocarina of Time(tm) Gerudo Valley * The Legend of Zelda(tm): Ocarina of Time(tm) Song of Storms * The Legend of Zelda(tm): Majora's Mask(tm) Prelude of Majora's Mask * The Legend of Zelda(tm): Majora's Mask(tm) Termina Field * The Legend of Zelda(tm): The Wind Waker(tm) Main Theme * The Legend of Zelda(tm): The Wind Waker(tm) Dragon Roost Island * The Legend of Zelda(tm): The Wind Waker

Customer Reviews

...if you (or someone you know) play piano, of course. this is a fantastic sampling of music from the zelda series; midna's lament is an especially beautiful piano piece. i do wish that it included songs from skyward sword, but i can't complain. also, most of the arrangements are very advanced. they will definitely take some time to practice. as long as you know the basic gist of the songs, you can always simplify them for your own skill level. my only gripe (worth less than half a star) is that the book is bound in such a way that makes it impossible to lay open without something holding the pages back. or risk ruining it with ugly creases! we also have the super mario for piano and for guitar and all of them have this problem. it would have been better spiral bound.

This book contains the songs from many games in Zelda's series, Some of the songs are hard and some are played with super ease, This book took me back and awakened the magic That were in Zelda's songs both the happy and tragic, I recommend this songbook for those willing to learn it, Just know that some songs really do make you earn it.

This is an excellent arrangement and they nailed the difficulty level - somewhere between intermediate and expert depending on the song. I used to be a pretty decent player (I quit when attempting Rachmaninoff) but due to living in the city and having no access to a piano, I really haven't played in 15 years. My wife and I recently moved into a new home and I was excited to get my piano back and start to play again. After a few weeks of re-acclimating myself and remembering how to read music, I'm able to plunk out the key portions to most of these songs without much trouble. A little practice will go a long way. And what I am able to play sounds terrific (as long as I strike the right keys). The arrangements of such classic tunes are extremely well done and handled with obvious care. I wish some of the baselines were a little more fleshed out, but it definitely works and sounds great. You'll have other people who know the originals humming along or popping up to listen, no doubt. There's also a lot more crammed in here than I expected - from the original game through the game boy and DS iterations (Spirit Tracks) and up through Twilight Princess (sadly, it came out before Skyward Sword). I'm sure they left a few favorites out for some people, but all in

all, if you like Zelda music and know your way around the ivories, get this book. Definitely try the challenge over the simplified version. You'll be happy you did.

I mistakenly got the intermediate/advanced book now knowing there was a beginner version out there - so it took me a bit of time to work up to this - however, i think the arrangements are great - there are a few more accessible pieces in here, as well as pieces that will challenge even the advanced pianist. The song choices are a little repetitive in my opinion - there are so many "theme" and "field" pieces from each game that have slightly different feels to them, but are in many ways variations on the same basic idea. There is so much iconic music in the series by Koji Kondo, that it is a shame that a lot of great music ends up getting left out. Still a great collection, but it did leave me wanting more.

My daughter was told by her band teacher that she could use piano music as sheet music for her flute. And she love all things Zelda, so I bought this for her in hopes it would work for her. She loves it. She's been practicing playing each of the songs constantly for the last month and they sound just like they do in the games. And being that she's playing it with a flute, it sounds a lot like she's playing it with an Ocarina from the games. So if you have a flute player and are wondering if this piano music will work for them, it will!

I bought this for my niece. I think the biggest thing is this would have been better with spiral binding or something that would stay open more easily. Besides that it has a fairly good selection of music. A lot of it is still too complicated for her (she's 8) but hopefully she'll be able to play more soon. I'm really glad about the music choices for the classic games.

Love the selection on this book. They all sound great and I will definitely be playing some of these on my ocarina. Some of these are rather simple so it makes it great for my ocarina! 10/10 would buy again.

Excellent book for Zelda fans and those trying to learn or practice piano! Has many of the memorable Zelda tunes. Many songs in the book are from the OoT game, however, most of the songs from prior games were updated or arranged to be songs in latter games so you're still getting all the tunes you liked from just about every game. Song up to Spirit Tracks are in the book so you get Twilight Princess songs as well. The book is for intermediate - advanced players, so some

songs are difficult, the majority are still simple, but none are impossible. This is the same book sold at the symphony concerts so if you couldn't get one then, definitely get one now!! I love this book and now I have both the piano and guitar editions.
