Complete Daily Exercises For The Flute - Flute Tutor: Essential Practice Material For All Intermediate To Advanced Flautists

Synopsis

(Music Sales America). The complete daily exercise used by flautists world-wide in their daily practice, now in one volume, features warm-ups, scale and arpeggio exercises over the full compass, a section concentrating on the third octave and a definitive collection of popular daily studies. Based on the established French School techniques, this edition includes many hints, tips and original studies by Trevor Wye. A practice card is included for ease in planning practice time.

Customer Reviews

I've played the flute for 13 years, professionally for 5 of those, and have taught on-and-off throughout college. I was an All-State player and a music major for the first 2 years of college, but decided to pursue other options. This has become my absolute favorite flute practice book - I swear, it has everything. Couple this with the Trevor Wye complete set (5 books), a tuner and a metronome, and you're essentially set for life.

This is an excellent collection of exercises for daily practice. Covers a range of scales and arpeggios that are a good fundamental basis for playing of any style.

I bought this book not really knowing what to expect, but was pleasantly surprised! I use it almost daily and as a result of practicing the exercises in this book have noticed a lot of improvement in my

playing. I recommend it for the library of every flutist!

The exercises are terrific but the print is rather small. Exercises are challenging enough without needing to strain to see the music easily. Probably wouldn't purchase again if I knew the print was so small.

I bought this as a gift for my sister for Christmas. She's an experienced flute player playing since middle school and she wanted something to keep her playing even though she doesn't get to as much as she'd like. She said she liked the different music and exercises they have to keep her interest.

This is Taffanel- Gaubert 17 Daily Exercises hack. He then added Reichert and Boehm etudes. Lastly, he added his own pretty obvious variations of these exercises and etudes. I was surprised to see this, as his Beginner's Books seem to be original pedagogical ideas. I'd recommend buyers just purchasing the Taffanel-Gaubert exercises.

Excellent, it is nice to have one book to take while traveling, great warm-up and daily exercises. best for intermediate and advanced performers.

Excellent book for improving the skills needed to play fluently. It has a lot of exercises with musical sense. I am an aficionado of flute playing, but his book improved my playing experiences.
