# Highest Duty: My Search For What Really Mattered

## Synopsis

Now a major motion picture from Clint Eastwood, starring Tom Hanksâ€™ the inspirational autobiography by one of the most captivating American heroes of our time, Capt. â€ˆSullyâ€™™ Sullenbergerâ€™ the pilot who miraculously landed a crippled US Airways Flight 1549 in New Yorkâ€™™s Hudson River, saving the lives of all 155 passengers and crew. On January 15, 2009, the world witnessed a remarkable emergency landing when Captain "Sully" Sullenberger skillfully glided US Airways Flight 1549 onto the Hudson River, saving the lives of all 155 passengers and crew. His cool actions not only averted tragedy but made him a hero and an inspiration worldwide. His story is now a major motion picture from director / producer Clint Eastwood and stars Tom Hanks, Laura Linney and Aaron Eckhart. Sully's story is one of dedication, hope, and preparedness, revealing the important lessons he learned through his life, in his military service, and in his work as an airline pilot. It reminds us all that, even in these days of conflict, tragedy and uncertainty, there are values still worth fighting forâ€™™ that life's challenges can be met if we're ready for them. --This text refers to the Paperback edition.

Language: English

ASIN: B002SRC2OU

Best Sellers Rank: #3 in Books > Engineering & Transportation > Transportation > Aviation >

Commercial #5 in Books > Audible Audiobooks > Nonfiction > Transportation #13 in Books > Engineering & Transportation > Transportation > Aviation > History

## Customer Reviews

If you are looking for a long narrative of Chesley "Sully" Sullenberger's amazing piloting of US Airways Flight 1549 on January 15, 2009, then you will be disappointed, so don't buy this book. On the other hand, if you want to know just what brings a man like Sully Sullenberger to exceptional (maybe even heroic) performance, then read on. The answer is developed over 300 pages of

Sullenberger telling the reader the story of his life--from a small community in Texas through the rigors of the Air Force Academy through service to his country as an Air Force fighter pilot and on to his commercial flying career. Were it not for the remarkable challenge of "The Miracle on the Hudson," chances are that we'd never have heard of Sully Sullenberger. Indeed, he estimated that he has flown perhaps a million people--and until January 15 virtually none of whom would recognize him a week after their flight--and that's the way he would want it to be. Yet that doesn't mean the strength and character of the man weren't already there. If there's one thing to derive from this interesting book, that's it. His remarkable qualities were already developed through his life experiences. As you read this book, you realize that Sullenberger was absolutely prepared to be a pilot. It started back when he learned to fly (at age 16), it continued during his years at the Air Force Academy and in the Air Force, and it kept growing through his commercial pilot career. For example, he made a point of studying aircraft accidents, trying to put himself in the seats of those who had to make split-second decisions.
